Celebration and Events

We need your help!

We are thrilled to announce an upcoming celebration commemorating the founding of our beloved city, Waco, and paying tribute to one of the key figures in its history, Jacob de Cordova.

In addition to celebrating Waco's rich history, we are excited to unveil an ambitious project: the creation of a film highlighting Jacob's pivotal role in shaping the identity of our city.

This project is not just about preserving history; it's about investing in our future. As part of the film-making process, we are extending a unique opportunity to young students in our community. They will gain new skills in animation, digital arts, filmmaking, and artificial intelligence.

- March 1, 2024 – Waco History Day
- August 2024 – Scavenger Hunt
- October 2024 – Film Premier
- 2025 and beyond - Annual events

Telling the Story

- 90-minute documentary film on Jacob de Cordova
- Produced by Ken Rogers
- Narrated by Ann Harder

Building Skills for Students

- Filmmaking
- Animation
- Digital arts
- Artificial intelligence

We cannot achieve this vision alone! We are currently seeking support through donations to fund the production of the film and the celebration events. Your contributions are tax deductible, as they will be direct to the Jacob de Cordova Society, a 501(c)(3) charitable organization.

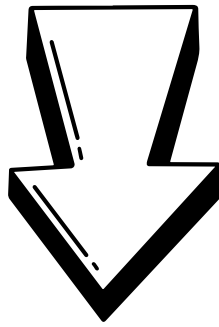

Together, let's honor our past, empower our future, and celebrate the enduring spirit of Waco!
